The Best RPG Just Got Better.

Neverwinter Nights™ continues the epic role-playing game revolution with *Shadows of Undrentide*™, the first-ever expansion pack for the award-winning fantasy game. Engage in an all-new 20-hour adventure filled with new character classes — including five Prestige classes — monsters, weapons, feats, skills and spells! Develop your own world using the new Neverwinter Aurora Toolset. Wizards construct the plot, set projectile traps and develop non-player character conversations to customize the *Neverwinter Nights*™ experience. In addition, three new tilesets, plus enhancements, bring even more depth to the original sets.

Neverwinter Nights™ ... a world without limits!
